

French summer camp

Eat, pray, love

& learn

Concept :

As a French teacher specialized in expats for 15 years, I decided to offer my students immersions in places where they could reconnect with themselves.

The concept is simple: "work the body and the mind".

Objective : Combine learning the language for part of the day and use the rest of the time to reconnect with yourself.

In addition, you can take yoga lessons, consult our in-house Life and Business Coach, seek other physical and spiritual activities, or simply follow the Dolce Farniente, to give a magical touch to your holiday.

Programme :

10am>1pm: French lessons with Louis. Conversation, pronunciation, grammar, conjugation, self-esteem, oral comprehension, writing, etc.

Afternoon: you can choose to enjoy the various treasures of the Alicante region and the people who live there.

You can: go hiking, bike, go to the beach, visit waterfalls, do yoga, Dolce farniente, spend time at the swimming pool, archery, paddle, horsebackriding, in summary.... let yourself be guided by the melody of your life.

Evenings: enjoy the glamour of an eco-glamping tent, visit Altea by night, or have a private dinner prepared on wire-food admist nature.

Discover your accommodation: An ecological glamping tent!

The French course:

I am a teacher specialized in teaching foreigners for + than 15 years.

My method: In my courses, I apply the NLP approach. It sounds very scientific, but it is actually fun! It simply means that each person learns in a different way: visually, aurally or kinesthetically. I will first analyze your learning profile and then adapt the program according to your needs and level. My classes are very interactive using a mix of exercises, conversation, animations and games that will help you improve your French in an efficient and motivating way while having fun!

Guarantee: 90% of my former students appreciated my method and realized that they had made a lot of progress in a few hours. Some of them became bilingual after 6 months.

100% of my students who had to prepare for an exam passed :-)
